

MMUN 53

Closing Packet

Dear Delegates and Faculty Administrators,

This has been a very exciting year for me. I have truly enjoyed being the Secretary General of Midwest Model United Nations 53rd Conference. I would like to thank each and every delegate and faculty administrator for your preparation and your hard work this year.

This week you have put your hard work to use and learned how the United Nations works through a hands-on approach that not many people get the chance to have. The skills learned this week will help guide you through the rest of your life no matter what you end up doing.

I am happy to announce that I will be returning as your Secretary General for Midwest Model United Nations 54. I will be joined in running this conference next year by Samantha Poetter as the Assistant Secretary General, Kimberly Meyer as the Under Secretary General of Administration and Matthew Kitzman as the Under Secretary General of Operations.

Thanks for such a successful conference this year. We look forward to working with you over the next year and seeing you at MMUN 54.

Sincerely,

Alicia Nall

Lincoln Land Community College

Michael Steven Shower Scholarship

Topic for MMUN 54

Many people have argued that the current make-up of the Security Council no longer reflects the realities of the current international arena. Representatives of several countries have proposed changing the current make-up to allow new permanent seats (perhaps not including the veto power), but recognizing new global realities.

1. Should the Security Council membership be reformed? Why or why not?
2. Assuming new members are added, which countries should be added and why?
